

## **CWA Gidgegannup Branch – Newsletter May 2018**

---

To commemorate the ANZACs, we have worked in conjunction with the Gidge Primary School where we made ANZAC biscuits and poppies with the students. Lots of flour went everywhere and a few little tastings along the way. It was a fantastic and fun day making the biscuits and poppies with them all.

We must commend all the students and teachers for their good manners and wonderful behaviour. We were all very impressed. Congratulations everyone and keep it up. Parents and teachers you should be very proud.

The standard of work that the students presented for their perception of the ANZACs was exemplary. We were blown away with all the drawings and paintings and loved looking at everyone's efforts.

We hope everybody will love seeing their children's work displayed around our village and the poppies that have been popping up.

All of us at CWA are looking forward to attending the ANZAC day service to be held at the School on Wednesday 2nd May.

Our next big fundraiser is the Small Farm Field Day at the end of May. We will all be busy now getting stocks ready for our craft stall and making sure we have lots of items on our tables.
