SFFD 2017 – Sunday, 28th May 2017: By the time this Gidgegram hits your post boxes, the Small Farm Field Day will be over for another year and we will know if it was a success (of course), whether it rained (hope not). It certainly should be a success with a record number of exhibitors, more talks and demos than ever and great entertainment for the kids.

The road works could be a problem but we have talked to Main Roads and hopefully, access will be fine. The bar is finished – huge thanks to the Agricultural Society and particularly Colin Metcalf who is endeavouring to craft the roof beams from the old bar into furniture. The bar looks great and the roof is a vast improvement and, as our climate becomes more unpredictable, is very necessary.

So we will pay the bills (a lot), have our debriefing meeting in June where we go over what did work and what didn't, and then the committee has a month off before the AGM and time to consider whether they are silly enough to do it again next year!!! In the meantime we will plan the EG Marquee for the Show, so all members who want a space, let us know, and then the Picnic by the Lake sometime in October/November. There is not a lot of downtime

Hope you enjoyed the Field Day and let us know what worked and what didn't. Thank you to our sponsors, the Countryman, The City of Swan, Mundaring Community Bank, Eastern Hills Saws and Mowers and the Slow Food Movement and to all the community groups, associations and societies that took part and most of all to you – our community, who support us.
